

## CITY IN BRIEF

### To Attend Conference.

Territorial Secretary D. W. Pollard of the Y. M. C. A. left last night for El Paso to attend the quarterly meeting of the territorial committee comprising representatives from west Texas, Arizona and New Mexico. The meeting opens today. During the absence of Mr. Pollard, W. H. Quick will have charge of the local association.

### Under Advisement.

Judge Hogan yesterday took the case of J. K. Lewis, arrested on a vagrancy charge, under advisement until 10 o'clock this morning. The hearing was at 5 o'clock last night, at which several witnesses were examined.

### Back to Cananea.

Dan McAllister, connected with the Cananea stores at Cananea, passed Christmas with relatives in Bisbee, returning home yesterday. Mr. McAllister was formerly connected with the credit department of the Copper Queen stores here.

### Mabry Case Postponed.

Several witnesses summoned to Tombstone Monday for the Mabry trial, which it was expected would come up, returned home yesterday, as the case has been postponed until January 6th. The witnesses who made the trip were Iac Perino, Katie Farragh, Mrs. Peter Cunningham and Mrs. G. W. Attaway.

### Schmidt Witnesses Home.

Witnesses in the Schmidt gambling cases returned home yesterday from the county seat, together with Mayor George Neale, principal attorney for the defense. Among the witnesses who returned were John Fogarty, Charles Minear, J. B. Johnston and Constable Bailey.

### May Take to Road.

The success of the local Elks show has induced Manager King of the Reed & Arbutle company to seriously consider the proposition of taking "The Man From Boston" on a trip through New Mexico, also passing through Douglas, Clifton and several other Arizona towns. This will not probably be done, however, until after the termination of the Clifton engagement of Reed & Arbutle, if the trip is then undertaken, it will mean a pleasant jaunt for a number of local people, as the entire cast as it appeared here will be taken along.

### From Hunting Trip.

Rev. E. D. Raley, accompanied by R. R. Dennis and Messrs. Gooding and Partridge of the high school faculty, returned yesterday from Rev. Raley's ranch, near Douglas, where they have been hunting the past few days. They succeeded in bagging a number of quail and rabbits.

### Fire Department Election.

The Bisbee fire department will hold its annual election Thursday night. In all probability a successor to Chief Henkel will be selected as the latter declines to have the office again.

### Socorro Pedagogue Here.

Professor Fred Paul, professor of geology at the New Mexico school of mines, located at Socorro, is visiting in Bisbee. He states that there is little doing in the mining world of the territory and that the attendance at the mining school is very small.

### Asleep at the Switch.

Ed Williams was before Judge Hogan yesterday, charged with being asleep at the switch, too sleepy, in fact, to get out of the way of Deputy Marshal Ed Stevens. He was found where Review avenue switches off from Brewery gulch in a state utterly impossible to engage in a foot race if he so desired. He finished his snooze in jail and paid the judge the customary fine. The technical charge was drunkenness.

### Courts on Vacation.

Yesterday the courts enjoyed a respite after the strenuous grist of Christmas celebrations the day before. But two drunks faced Justice Burdick, while Justice High had but one. Consequently everybody enjoyed a lay-off preparatory to the New Year's resolution breakers and whip searches.

### Attending Musicals.

Professor and Mrs. George E. Kribbill were in Douglas yesterday attending a musicale being given by Clarence E. Kribbill. Miss Viola Meyer of the Bisbee high school faculty was also present and contributed several numbers to the program.

### To Take Part in Suit.

According to Receiver T. N. Laki, a letter has been received, stating that Judge Oldham, chief attorney for the office of the comptroller of the currency at Washington, would leave shortly for Arizona, to take part in the suit of the First National Bank against the United States Fidelity & Guaranty Co. for the collection of the bonds of Eddisman and Nolan. The case will come to trial some time next month.

### New Block Planned.

Architect F. C. Horst is drawing plans for a new block to be built by Klein, Letson & Marx on Main street above the Angus store. Six stores will occupy the ground floor and the upper portion will be devoted to a hotel.

### Leaves for Cincinnati.

W. L. Edwards, formerly manager of the Copper Queen hotel, left last evening for his home at Cincinnati, O., where he is located temporarily. During his stay in this city he was the guest of his sister, Mrs. E. C. Campbell.

### Born.

To Mr. and Mrs. Ed Hocking of Naco road, yesterday, a girl. Mother and child are doing nicely.

## Personal Mention

Miss Hester Wallace is visiting in Tempe.

Miss Frankie Blackman is spending the holidays at Tucson.

Miss Edna Newman and Miss Grace Cook are visiting friends at a ranch near Fort Huachuca for a few days.

Miss Elsie Toles, Miss Nellie Fry and Miss Mary Barber, all Bisbee teachers, are spending their vacation with friends and relatives in Cananea.

BISBEE OLDEST AND MOST RELIABLE JEWELER

C. M. HENKEL, Main Street, IN BISBEE DRUG CO., STORE

Mr. and Mrs. George E. Kribbill are in Douglas.

Dr. Louis Brown of Douglas is in Bisbee as the guest of relatives.

Hon. B. A. Packard of Douglas passed through the city last evening on his way from Cananea, where he passed a few hours on business.

Colonel and Mrs. L. W. Powell returned last evening from the coast, where they were for several weeks.

Mayor George Neale returned from Tombstone last evening.

O. P. Brown of Moctezuma, Sonora, passed last night in this city and will leave this morning for Cananea for a short stay on mining business.

## SLIGHT SCRATCH BRINGS MUCH PAIN

C. M. PATTISON PRICKS FINGER WITH THISTLE AND BLOOD POISON FOLLOWS.

A trifling injury, caused by the pricking of his finger with a thistle developed blood poisoning in the right hand and arm of Superintendent B. M. Pattison of the Denn-Arizona mine, causing him to almost lose the infected member. He has been under treatment for two days, however, and yesterday was much improved in condition.

Several days since Mr. Pattison stuck a small thistle thorn in the middle finger of his right hand, but at the time thought so little of the affair that he did not even remove the thorn, which did not cause him much pain.

Christmas day, however, the hand and arm commenced to swell and became several times their normal size while he suffered great pain as a result. Medical attention was at once secured and there is now thought to be no danger from the infection.

## SMITHSONIAN GIVES SCHOOL SPECIMENS

INVERTEBRATES FOR MUSEUM COME FROM NATIONAL COLLECTION FOR PUBLIC STUDY, ERAL PUBLIC.

The Smithsonian institution at Washington, in a letter to Supt. Philbrook of the Bisbee schools, stated that a consignment of fossil invertebrates for the school museum has been forwarded and should reach here in a few days.

The collection includes a number of duplicate specimens of various rock and crystal formations now at the institution and is a gift of the national museum. Upwards of 100 specimens are in the consignment.

The stipulations are that these specimens shall be duly labeled and credited given thereon to the National Museum and Smithsonian institution for them, also that free access be given to them of persons engaged in original investigation who require material to aid them in their studies.

From this, the collection will not only prove a benefit to the school students of natural history, but to outsiders as well.

## SANTA CLAUS VISITS TINTOWN CHILDREN

MEXICAN TOTS SPEND HAPPY AFTERNOON AS RESULT OF EFFORTS OF BISBEE WOMEN.

Monday afternoon was a joyous time for the children of Tintown, the Mexican settlement near South Bisbee, as the members of the Bisbee Woman's club duplicated their act of a few days previous when they entertained the members of the kindergarten. Each Mexican child remembered with a token of the occasion, many of them for the first

## WATER PRESSURE PROVES STRONG

Test of City System Very Satisfactory to Firemen When They Put It in Use Yesterday Afternoon

As the result of a test by Captain Dick Davis and other members of the fire department yesterday of the new water system preparatory to putting it into service, it was found that the pressure was much stronger than that furnished by the Copper Queen company, although no gauge was used and actual amount is not known.

The Copper Queen company yesterday shut off the water supply the city was receiving from their pipes, pursuant to the notice they served on the council at the last meeting, therefore the city's own water system, shown by the test to be able to take care of all needs, including fire, was put into use after the formal test had been made.

The city has now over three quarters of a million gallons of water at its command in an emergency. The three new tanks each of 250,000 gallons capacity, are now full and ready for use. It is not expected, however, that the new reservoir of 750,000 gallons capacity will be completed before February.

## SEVEN CARS BROKEN OPEN BY THIEVES

WOULD BE MERCHANDISE PLUNDERERS DISAPPOINTED WHEN THEY FIND COAL AND HAY.

Seven freight cars standing upon the side tracks at Oatman, waiting to be brought into Bisbee, were burglarized Sunday night. The seals upon the door of each were found early Monday morning to have been tampered with, although, so far as can be ascertained, no part of their contents was missing.

It is evident that the thief was in search of merchandise and had an unguessed night. If looking for food or raiment the would-be burglar was evidently in for the disappointment of his life for although valuable, the contents of the cars consisted of such things as coal, hay, steel rails etc.

The special officers of the road were notified of the fact that the cars had been broken open and are said to be working upon the case at present. Special Agent C. Q. Saddle of El Paso is at present in this section, presumably in connection with this case.

### THE WEATHER.

Arizona—Partly cloudy Wednesday and Thursday, possibly snow Thursday in the north.

Time witnessing a real Christmas tree. The event took place at the Tintown school house.

There were one hundred small guests present to receive presents as they were taken from the tree by the women who had labored hard to make this an occasion of gladness for the children.

Mrs. Frank Jullif presided as Santa handing the presents to children as their names were called. The huge tree filled with ornaments and about the foot of which were peaked sacks of candy, nuts and fruit, formed the center of attraction. American flags were much in evidence too, to remind the children that they were residents of a generous nation.

Mrs. Gerald Sherman and other members of the club had sent a wagon load of toys to be distributed. As many of them were of mechanical variety considerable amusement was derived by the more enlightened ones present from the attempts of those who did not know how to make the animals and acrobats go through their movements.

The exercises were in Spanish including several songs in which each child joined heartily.
